
COSTA NAVARINO

The Costa Navarino Sports Experience

In a majestic environment of verdant land and pristine sea, the Costa Navarino sports experience offers virtually endless opportunities unmatched across the Mediterranean.

The Golf Experience

The Dunes Course, designed by former two-time US Masters Champion and Ryder Cup captain Bernhard Langer in association with European Golf Design, is the first signature golf course in Greece. This championship course combines large undulating greens, wide fairways and steep-faced pot bunkers. The links element of the course adds to its unique style and playability.

The course is designed to provide an exciting challenge for all golfers, measuring from

a little more than 5,000 meters from the front tees to almost 6,200 meters from the back tees with a par of 72. In 2011 the Bay Course will also open, playing to a par of 71.

Designed by Robert Trent Jones II, the layout will offer panoramic seaside and mountain views in addition to holes that play directly along the sea, providing an unforgettable golfing experience. Both courses will be operated by Troon Golf, the world's leading luxury-brand golf management company.
