
THE DUNES COURSE

COSTA NAVARINO

The Dunes Course, designed by former US Masters Champion and Ryder Cup captain Bernhard Langer in association with European Golf Design, is the first signature designed golf course in Greece.

Set in diverse topography with spectacular sea and river views, tall dunes divide some of the holes adjacent to the golden beach. This Championship golf course combines large undulating greens, wide fairways and steep-faced pot bunkers. The links element of the course adds to its unique style and playability.

The course is designed to provide an exciting challenge for all golfers, measuring from a little more than 5000 meters from the front tees to almost 6200 meters from the back tees with a par of 72.
